

LAUNCHING A STRATEGIC, PROACTIVE JOB SEARCH CAMPAIGN

Without question, the job market today is driven by technology. Posting your resume to job boards is a part of an effective job search campaign. At Meridian, we recommend that you post your resume on multiple sites within several categories of job boards.

JOB LEAD BOARDS

Meridian Resources Network:

- [The Meridian Resources Network](#): Subscribe to our network group for career transition tips and job opportunities from recruiters and hiring managers.

All Industries/Functions:

If you have been active in the job market within the last decade, you have probably heard of Monster, Career Builder and The Ladders. These national job boards are good sites to post your resume on due to high volumes of traffic by hiring companies and recruiters. Some of the largest, and most popular national job boards are listed below.

- [LinkedIn](#): Search for the jobs you want on the jobs page.
- [CareerBuilder](#): Access career opportunities, resources, and personalized salary tools & insights.
- [Indeed](#): In addition to employer-posted jobs, Indeed aggregates postings from across the web.
- [The Ladders](#): Executive career site for \$100K+ jobs.
- [Glassdoor](#): Glassdoor not only lets you search for jobs, it also allows people to review companies they've worked for and share salary and benefits info, giving insight that job seekers wouldn't otherwise know.
- [LinkUp](#): This job search engine indexes jobs from more than 50,000 companies to make sure that its listings are fresh. You can search for opportunities on LinkUp via keyword and location, and then you're sent directly to the company's website to apply.
- [Monster](#): This massive job site offers services including resume uploads, networking boards, company profiles, a resume review service, and a mobile app in more than 40 countries. The site also scores your potential fit with a role based on your skills and interests.
- [SimplyHired](#): Job search site that collects listings from all over the web, including company career pages, job boards, and niche job websites. The company reports that it lists job openings from 700,000 unique employers and operates job search engines in 24 countries and 12 languages.
- [ZipRecruiter](#): ZipRecruiter began as a tool for small businesses to post job listings affordably. It's now an online employment marketplace that uses AI to connect businesses of all sizes with job seekers through mobile, web and email services.

Geographic Specific Job Boards:

Conduct a web search to find job boards that cater to your targeted geographic locations. Many of these boards may be attached to the local or regional online newspaper for that area. These sites will be visited by hiring managers and recruiters looking for professionals in a particular geographic market.

Industry Specific Job Boards:

Conduct a web search to find job boards that cater to your targeted industry if your targeted goal is specific to a particular industry or industries. These sites are heavily visited by hiring managers and recruiters that are specifically looking for a candidate within a specific industry. Try to find sites that have a wealth of job postings that are relevant to your career level and specific skills within your function.
